

TAPPAN ZEE BRIDGE/I-287 ENVIRONMENTAL REVIEW

SCOPING UPDATE COMMENT FORM

You are invited to comment on the Tappan Zee Bridge/I-287 Corridor Project and this Scoping Update Packet in the space below. Note that in compliance with NEPA and SAFETEA-LU Section 6002, public comments are being specifically requested on the included purpose and need (Section 3.0 Appendix A), range of alternatives (Section 4.0) and coordination plan (Section 5.0 Appendix B).

- 1) Rate is going to increase cost dramatically - east/west has limited value -
- 2) Rail connection to the Hudson Line will never happen - possibly an elevator connection from a station above to one below?
- 3) Lines for pedestrians & cyclists - ridiculous - the space is more than 3 miles - how many will go across 50/day?
- 4) Expenses 287 to 4 lanes in Rochdale with general alternative evening expansion - this should be done now
