I represent myself, a resident of Nanuet for 24 years and a T ZB car commuter for the same period. I have worked in both NYC and Westchester Co. I currently need my car to visit school districts during the day. I favor a bridge plan to include more than the current 3-4 traffic lanes and the introduction of light-rail from Suffern to Port Chester. The sooner the better for this project is obviously the best plan of action. A return in approx. 15 years. I would like to have a new, safe bridge. Please the tolls for the benefit of local residents. Thank You
