2 working together.

3 Thank you.

4 MR. PLOTCHYK: Thank you, sir.

5 Appreciate your comments.

---

6 Mr. Jackson.

7 MR. JACKSON: Thank you. First of  
8 all, thorough, very thorough report. My  
9 complements to you and the Committee.  
10 Very nice.

10

11 Besides being on the Rockland County  
12 Legislature, I'm also President of the  
13 Nanuet Civic Association. And a few  
14 questions came to mind, which I had  
15 answered outside, and they were answered  
16 now, but also impact with the Thruway  
17 work, that it seems like if there's going  
18 to be this much work done on the Thruway  
19 in the future, that sound barriers or some  
20 sort of sound remediation should be  
21 incorporated with it. We have a pretty  
22 big impact from the truck traffic now,  
23 and I don't think the truck traffic will  
24 be eliminated with this project, and it's  
25 a very big impact on the neighborhoods

that the Thruway runs through in our area.

Also, the parking. It seems that Nanuet always gets parking. And I'd be concerned, right now the lots that we use now, just for our bus transportation, are inadequate. They're full right now. Ever since the gas prices went up, it seems that everybody jumped on the buses and the trains. So I'd be concerned what we're going to do there, be it deck parking or I have no idea what your plans are. I know we have a little time on that.

And, also, I'll find out outside, hopefully the impact on our friends in Nyack, where this project's going to be a lot of construction work, probably be staged, and moving on. I know we have four years there, but I'd be concerned, besides taking the properties, also the consideration on the people as the construction continues. Is that going to be 24 hours? You know, these people have -- there's quite a few apartment houses and residents around there, and I'm

2 concerned with that in the future. But,  
3 again, it looks like that's four years  
4 off, and we could probably talk on that  
5 again in the future.

6 Just a comment. Talking in the  
7 neighborhoods, people are very excited  
8 about the bike path and the walking on the  
9 Bridge, walking path. So very good idea  
10 putting that in.

11 Thank you.

---

12 MR. PLOTCHYK: Thank you, sir.

13 We have the following four -- excuse  
14 me, five citizens. I'll give you the  
15 order and read the order. That's chosen  
16 based on how you -- excuse me. Order was  
17 based on how you signed up.

18 We have another one. Excuse me.

19 Now we have five. I will read,  
20 Thomas Campbell, Jeff Ray Oppenheim, Jerry  
21 Ilowite, Michael Curley, and Alden Wolfe.

22 First is Mr. Thomas Campbell.

23 MR. CAMPBELL: Actually, I've  
24 decided to submit my recommendations and  
25 thoughts on paper at a later time.
