7 Well, I echo everything that my
8 husband just said and the concern is
9 that our beautiful place we live in
10 will lose some of its beauty caused
11 by the sound in the building process.
12 Also, when it's all finished, we hope
13 it will be as appealing as it is now,
14 be an appealing place to live as it
15 is now.

19 We live right by the Spring
20 Valley Toll Plaza. I don't know,
21 exactly, but, probably, less than
22 100 feet off the pavement, and we,
23 as in my family and my neighborhood,
24 the block, desperately, would like to
25 have a sound barrier. We hear a lot

2 of noise, both, from traffic, trucks
3 braking and construction.

4 The exact area where we're
5 located is we're on the north
6 westbound side of the Thruway.
7 We're, slightly, southeast of the
8 Toll Plaza, maybe, a few hundred
9 feet. I see the Toll Plaza from my
10 bedroom window very clearly. By back
11 porch, my kids love to watch traffic,
12 but the sound - the sound
13 is very disruptive.

So, we really
14 would like to have a sound barrier,
15 a sound wall.

16 There's been a number of
17 occasions and some of these occasions
18 were, literally, months long where
19 the construction takes place between
20 midnight and 6 a.m., which is when we
21 sleep or try to sleep, and it's,
22 constantly, disturbed.

23 So, that's it.

24 The street that I live on that we
25 need a sound barrier is Gilman
