Hello,

I am writing as a cyclist living in the Rockland County area. I have recently heard through my bike club that a new Tapan Zee Bridge is in the planning phase. I would like to write as someone with a vested interest, in support of a bike/pedestrian walkway. This is a very exciting moment and a time to look ahead to the future of transportation and recreation, and past the current single-rider car-culture of the suburbs that we have today. It's not everyday that another crossing of the Hudson pops up! What a momentous time!

Good luck with this large task at hand! As someone who was raised only a few minutes from the Bear Mt Bridge and now lives only minutes from the George Washington Bridge I am very familiar with the art and majesty that our Hudson crossings behold. Please do this river and community justice as its beauty deserves and a bike path from which to enjoy it all.

Thank you and have a great day,

Lisa Milano
